Subject: RE: URGENT DEPLOYMENT TO OTTAWA
Importance: High

Good evening,

As an update on the situation in Ottawa and our deployments in support of the RCMP's commitment to assist with the protest currently taking place there, we currently have 42 uniform members in place in support of RCMP Protective Operations and the Ottawa Police Service. All reports received to date indicate that our members are performing exceptionally well and there is a very positive recognition of their efforts and O Division's support for this unique deployment. The professionalism of our people and their ability to adapt to these circumstances on short notice is being openly commented on throughout senior management in Ottawa and by other police services operating alongside our members.

Moving forward, the commitment at this time is that O Division will supply 75 uniform members on a rotational basis for the next several weeks. The majority of these members will be assigned posts that allow for the release of OPS members from outer perimeter and traffic control in order to address the blockades in place in the downtown core. OPS are arranging for our members to be sworn in a Special Constables.

The first deployment will take place on **Thursday, February 10th, 2022**, with shifts commencing on Friday, February 11th. This group will remain in place for one week, returning on Thursday, February 17th. The next rotation of 75 will deploy on Wednesday, February 16th and the third deployment (if required) will take place on Tuesday, February 22nd.

At this time, DEOC has identified 75 members who will deploy this Thursday. This list was created from the submissions received earlier this week. We have attempted to spread the identification of members across all program and geographic areas to minimize impacts to the extent we can. The members will be notified at 08:00 tomorrow morning (Wednesday, February 9th).

We understand the pressures that this is placing upon the entire division and we are grateful for your continued support and understanding as we assist Ottawa with the current situation. Rest assured, our members are performing admirably and notice is being taken of our contributions, which hopefully will make a significant difference in successfully resolving this unique event.

Walt

Subject: URGENT DEPLOYMENT TO OTTAWA

Importance: High

Good Afternoon,

On behalf of the Criminal Operations Officer, C/Supt. Matt Peggs and the Criminal Operations Officer (Support), C/Supt. John Baranyi:

Apologies for the short notification for this request however, the current situation regarding the "Freedom Convoy" in the Nation's Capital has resulted in a need to immediately identify **all members** in the division who are operationally capable of deploying to Ottawa. There is need to identify those who can deploy on an immediate basis, as well as those who can deploy on 2022-02-12 (to replace our current contingent of members that are in Ottawa). Deployed members can expect to be in Ottawa for a minimum of one week, with every effort being made to create a rotational pool of replacements. Exemptions to the availability to deploy must be suitably articulated (eg. medical classification, AOL out of the area, etc). Operational necessity exemptions will be limited to areas such as National Security and critical roles that require an operational member for immediate or short term attendance.

Please complete the attached Excel spreadsheet for all members under your command noting one of three categories: (1) immediate deployment; (2) deployment on 2022-02-12; (3) non-deployment due to noted reasons/rationale. **Please also identify a point of contact within each of your program areas** that will act as a liaison between DEOC and the members for any further communications.

Required information.

Name and Rank:

Regimental:

HRMIS:

Unit/detachment:

Mobile phone:

PPE including gas mask, gloves and canteen: Y/N

PC available: Y/N

Current supervisor:

Immediate Deployment: Y/N

Deployment on 2022-02-13: Y/N

Reason for Unavailability (if applicable).

Please provide the completed spreadsheets to the O Division DEOC by 12:00 hrs on Monday, February 7th, 2022.
